

RUSHMOOR INDOOR BOWLING CLUB.

Actions regarding Proposals 3.1 and 3.2 following Special General Meeting held on Friday 28th May 2021

The results of the either/or voting for the repayment of subscriptions/donations as at 21st May 2021 are as follows:-

Of the 79 votes received, voting yes to:-

1. Refund of subscription for the year 2020/21.	58	67.4%
2. The donation of said subs to the final assets of the Club	28	32.6%

To the discerning, you may notice that there are more "YES" votes than people voting. This is due to people voting for both, tricky to achieve, but there you go. By eliminating those that voted for both I got:-

1. Refund of subscription for the year 2020/21.	54	69.2%
2. The donation of said subs to the final assets of the Club	24	30.8%

In each case the number of "YES" votes received to refund the subscriptions exceeds the two thirds majority required by the constitution, which is good. HOWEVER, there are a number of people who paid subscriptions/donations for 2020/21 who have NOT voted. On the voting form it clearly states that the DEFAULT (i.e. if you don't vote) is that of a DONATION.

Consequently it was agreed that.

1. Where a sum was paid with the intention of playing in 2020/21, and where a request for a refund has been received, a full refund will be made on the 4th June 2021.
2. Where no refund has been requested, regardless of whether a sum was paid with an intention of playing in 2020/21 (subscription) or not (donation), it will NOT be refunded..

This means that all those who

- voted for a refund will receive one
- paid a subscription and have not voted specifically for a refund, will NOT be refunded.
- paid a donation and have voted to donate will **not** receive a refund
- paid a donation and have NOT voted at all will **not** receive a refund.
