

EXTRACT FROM EIBA STATEMENT DATED 14 MARCH 2020

For our Clubs and Counties, the EIBA recommend that they also consider the profile of their members and act appropriately for any planned activities now and in the future.

Currently the guidance from Government is that club sport fixtures can take place but to implement the following actions:-

- Regular washing of hands
- Use of Alcohol based hand sanitiser
- Coughing or sneezing into tissues which are then immediately placed into a bin
- Don't touch your face unless hands have been washed
- Members who develop symptoms or a cough to self-isolate
- Thoroughly wiping down bowls before and after use
- The shaking of hands pre and post-match to not take place

We will continue to monitor the situation and will act appropriately, if and when the advice from the Government/Public Health England changes.
